Computers....can't live with them...can't live without them

At a computer expo, Bill Gates reportedly compared the computer industry with the auto industry and stated, "If Ford had kept up with technology like the computer industry has, we would all be driving \$25 cars that got 1,000 miles to the gallon."

In response to Bill Gates' comments, Ford issued a press release, stating: "If Ford had developed technology like Microsoft, we would all be driving cars like this:

- For no reason whatsoever, your car would crash..... sometimes multiple times a day.
- Every time they repainted the lines in the road, you would have to buy a new car.
- Occasionally your car would die on the freeway for no reason. You would have to pull to the side of the road, close all of the windows, shut off the car, restart it, and reopen the windows before you could continue.
- Occasionally, executing a maneuver such as a left turn would cause your car to shut down and refuse to restart, in which case you would have to reinstall the engine.
- The oil, water temperature, and alternator warning lights would all be replaced by a single "This Car Has Performed An Illegal Operation" warning light.
- Occasionally, for no reason, your car would lock you out and refuse to let you in until you simultaneously lifted the door handle, turned the key and grabbed hold of the radio antenna.

Carl Quinn – In Memoriam
Charter Member – Tuscola Kiwanis Club

To Carl:

A man so close to all our hearts,
Was Carl, “The Mighty Quinn.”
His beauty and his thoughtfulness
Came from his heart within.
He knew where all of us reside,
He always wore a smile.
He served his church so faithfully,
He’d go that extra mile.
To Shirley, Karen, Steve and Kevin,
A husband and father true,
Please know that from your loving friends,
Our prayers go out to you.
A brother in Kiwanis,
We miss him, now he’s gone.
But to all his fellow members,
His spirit will live on.
You have your place in Heaven,
We know that’s where you are.
We’ll see you through our windows,
Cause you’re the brightest star.

Rest in Peace, Carl.
